

Hudson River Psychiatric Center
Security Improvements
Hudson River, New York

Owner: NYS Office of Mental Health

Total Construction Cost: \$160,000.00

Developed scopes, program requirements, and cost estimates for Security measures at the main entrance of Cheney Building No. 98, including new sallyport designs along with security type of revolving door installation.

Services included developing technical security system access/retention specifications and engineering/architectural plans to maintain an improved security system for outsiders entering and patients exiting facility building and staff operations.

Designs consisted of various alternate schemes and included interfacing and major relocation of central fire alarm system and security equipment.
