

**Rockland Psychiatric Center  
Replace Chilled Water Lines Serving Building 19  
Orangeburgh, NY**

*Owner:* NYS Office of Mental Health

*Total Construction Cost:* \$377,000

Mechanical and electrical design and construction administration services were provided for this project facility. The mechanical system consisted the installation of underground chilled water lines from the main plant to three buildings on the campus and a medium pressure steam supply and condensate return service from an existing steam service located in a steam tunnel. The electrical system included providing connections to the condensate return units.
